

How to Install Ringcentral on Scholar Laptops

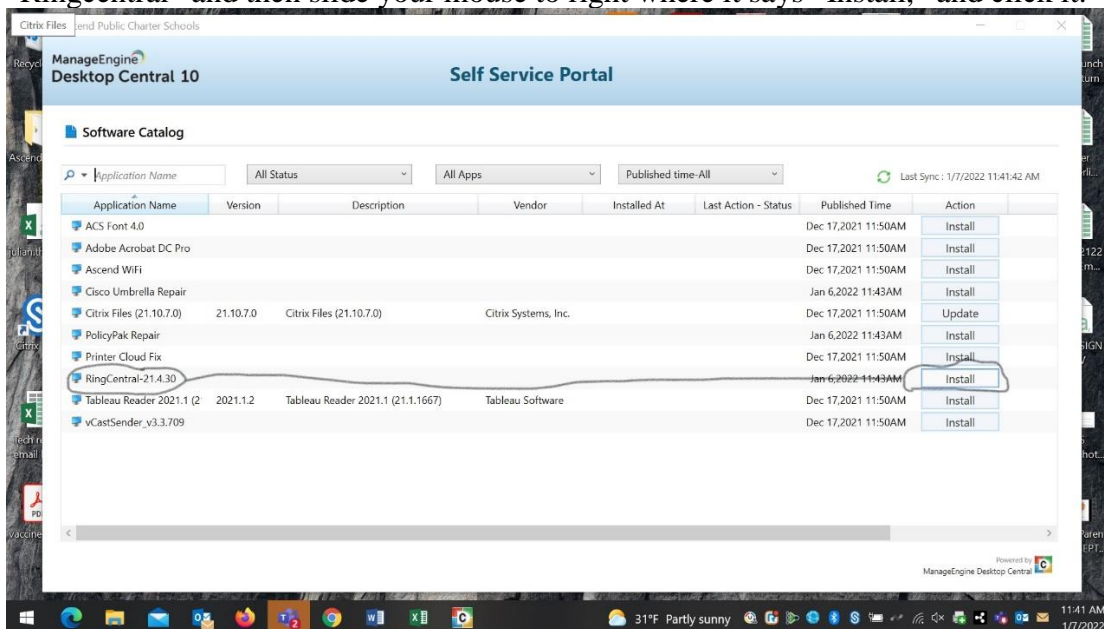

1. On your home screen, bring your mouse to the start but and click on it.

2. Next, bring your mouse to where it says “Ascend Technology Self Services Portal,” and click on it.

3. Next you will be brought to the window pictured below. Bring your mouse to where it says “Ringcentral” and then slide your mouse to right where it says “Install,” and click it.

4. Then they need to restart their Computer once it's updated.
